Good day Neighborhood Prosecutor Mark Ross,

Could you please place the individual in the attached photos on a "Do NOT Sell to" list and distribute it to the FIVE (5) alcoholic beverage outlets along the .7 mile stretch of Foothill Blvd. between Osborne St. and Van Nuys Blvd.

He is a **Chronic Public Inebriate** who has been creating a public health and safety hazard by littering, urinating and defecating at the 233/90 LA Metro Bus Stop at Van Nuys and Foothill.

Yesterday, after requests had been submitted to clean the area, the city dispatched workers who came and cleaned the bus stops.

Such lists and orders are not unique and are standard practice in many locales & municipalities:

**"Prohibiting alcohol sales to chronic inebriates.** The central element of this response is to prohibit the sale or distribution of alcoholic beverages to specific individuals deemed to be chronic inebriates and who engage in a disproportionate amount of undesirable behavior. Decreased alcohol availability should yield a similar decrease in problems caused by chronic inebriates."

You can ask former Neighborhood Prosecutor Susan Chung about the problems the area has had with public inebriation at the bus stops (and other locations) and how we worked to thwart it. You can also speak with former LAPD Foothill Captain Sean Malinowski and Sergeant Herrold Egger about the situation. Sadly, this problem is historic and on going because... well... you know... we keep missing opportunities to solve it.

Please note: Homeless services personnel have outreached to this individual to no avail. His alcoholic beverage use disorder and the ample access he has to alcoholic beverages is making their efforts difficult.

Kindly help the community resolve this issue before it becomes WORSE...

In gratitude,

[REDACTED]
